8	<p>Please give us detailed reasons why you are submitting this request for degree transfer. For transfers into Politics and International Relations programmes your statement should be no longer than 100 words.</p>	<p>Over the years and because of my current work experience at FirstDraftNews at Harvard, I have realized that Politics is a much better fit for both my skills as well as my interests. The concepts and ideas I have learned in my Politics courses have been vastly more insightful for my current and future work interests. Unfortunately, because I was struggling so much with Economics, I was not able to commit nearly as much time as I would have liked into the Politics. If possible, I would like to submit further information, but am limited to 100 words here.</p>
